NASAL PILLOWS MASK

The **OpusTM360** Nasal Pillows Mask is small, quiet and superbly comfortable with anatomically designed Silicone Pillows and facially contoured, reinforced headgear.

- A ball-and-socket-style joint combines with an innovative anchoring system to give unprecedented stability and freedom of movement.
- The slim-line design allows for almost any sleeping position without mask displacement.
- The “Off-the-lip” Pillows’ design is soft on the nose and provides maximum comfort.
- Fully assembled and ready for use with alternative sizes of Silicone Pillows included.

Oracle™

ORAL MASK

The **Oracle™** delivers pressure through the mouth rather than the nose, offering the patient yet another choice of delivery. Clinically proven to function as effectively as a nasal mask, the **Oracle™** is a perfect solution for mouth breathers and patients with chronic nasal obstruction who find therapy difficult with a nasal mask.

The new-generation **Oracle™** has exciting refinements that improve the patient experience, for ease of use and ease of seal. A new symmetrical design means the mask is always correctly fitted, while the infinitely adjustable rotating dial allows for a personalized fit to provide greater comfort and simplicity.

The **Oracle™** Interface is a new, unique oral mask for the delivery of CPAP or Bi-level therapy.
